Benefits of investing in streetTRACKS STI

streetTRACKS STI offers investors the opportunity to gain diversified exposure to the leading companies in Singapore and participate in Singapore's long term growth potential in a single transaction, at relatively low cost.

Just like any share listed on SGX-ST, investors can buy and sell anytime during the trading day, on margin or sell short. Investors can also receive regular dividends. Unlike ordinary unit trusts, there are no sales charges upon purchase. Instead, investors pay brokerage commissions to buy or sell. streetTRACKS STI total annual fees, including management and trustee fees, are also low at 0.3%.

Notes:

- As stated in the financial statements, units are issued and redeemed through the creation and redemption of an Index Basket in accordance with the Fund's Trust Deed. The Fund does not, therefore, publish a bid price and the Fund's returns have been computed from Net Asset Values. The net distributions of the Fund have been included for the purposes of this return calculation.
- The benchmark returns are stated on a price only basis and do not include dividends. The performance of the Straits Times Index with dividends reinvested is not published.

MANAGER'S INVESTMENT REPORT *(continued)*

Other Information

During the reporting period, the fund had no exposure to derivatives, other unit trusts, mutual funds and collective investment schemes (except for certain listed funds that are included in the Straits Times Index) and had no borrowings. There are no other material information that will adversely impact the valuation of the fund.

Soft Dollar Practices

The Manager may receive soft dollar commissions/arrangements in respect of the Fund and is subject to the applicable regulatory and industry standards on soft dollars. The soft dollar commissions/arrangements which the Manager may for the time being receive or enter into include specific advice as to the advisability of dealing in or as to the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis, and custodial service in relation to the investments managed for clients.

Brokers for the Fund are selected on the basis of the best available terms for execution. As the Manager is a part of the State Street Group which approaches soft dollar on a group wide basis, the benefits received by the Manager through soft dollars may or may not be directly related to the transactions performed for the Fund.

The goods and services received were for the benefit of the Fund. The trades were executed on best available terms, and there was no churning of trades.

Information on the Manager

The Manager is State Street Global Advisors Singapore Limited, an indirect wholly-owned subsidiary of State Street Corporation. The Manager will remain manager of the fund until terminated in accordance to the Fund's Trust Deed. The basis of the Manager's remuneration is set down in the Fund prospectus dated 4 April 2008. As agreed between the Manager and the Trustee, the total combined management fees, trustee fees and other recurring expenses for the Fund are currently set at 0.3% per annum of its net asset value.

REPORT OF THE TRUSTEE

The Trustee is under a duty to take into custody and hold the assets of streetTRACKS[®] Straits Times Index Fund in trust for the unitholders. In accordance with the Securities and Futures Act (Cap.289), its subsidiary legislation and the Code on Collective Investment Schemes (collectively referred to as the "laws and regulations"), the Trustee shall monitor the activities of the Manager for compliance with the limitations imposed on the investment and borrowing powers as set out in the Trust Deed in each annual accounting period and report thereon to unitholders in an annual report which shall contain the matters prescribed by the laws and regulation as well as the recommendations of the Recommended Accounting Practice 7 "Reporting Framework for Units Trusts" issued by the Institute of Certified Public Accountants of Singapore and the Trust Deed.

To the best knowledge of the Trustee, the Manager has, in all material respects, managed streetTRACKS[®] Straits Times Index Fund during the period covered by these financial statements, set out on pages 8 to 23, comprising the Statement of Total Return, Balance Sheet, Portfolio Statement and Notes to the Financial Statements, in accordance with the limitations imposed on the investment and borrowing powers set out in the Trust Deed, laws and regulations and otherwise in accordance with the provisions of the Trust Deed.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF streetTRACKS[®] STRAITS TIMES INDEX FUND

(Constituted under a Trust Deed in the Republic of Singapore)

We have audited the financial statements of streetTRACKS[®] Straits Times Index Fund set out on pages 8 to 23, which comprise the Balance Sheet and Portfolio Statement as at 30 June 2008, the Statement of Total Return for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Manager's Responsibility for the Financial Statements

The Manager of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Unit Trusts" issued by the Institute of Certified Public Accountants of Singapore. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Fund's Manager, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF streetTRACKS® STRAITS TIMES INDEX FUND

(Constituted under a Trust Deed in the Republic of Singapore) (continued)

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as at 30 June 2008 and the total deficit for the year then ended in accordance with the recommendations of Statement of Recommended Accounting Practice 7 "Reporting Framework for Unit Trusts" issued by the Institute of Certified Public Accountants of Singapore.

streetTRACKS[®] STRAITS TIMES INDEX FUND

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2008

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. GENERAL

streetTRACKS[®] Straits Times Index Fund (the "Fund") is a Singapore-domiciled fund constituted by a Trust Deed dated 26 March 2002 (the "Original Deed"). The Original Deed as modified by subsequent supplemental deeds (the "Supplemental Deeds") is amended and restated by a Fifth Amending and Restating Deed dated 16 January 2008. The Deed is between State Street Global Advisors Singapore Limited and DBS Trustee Limited. The Deed is governed by the laws of the Republic of Singapore. The Fund is also listed on the Singapore Exchange Securities Trading Limited ("SGX-ST") and is included under the Central Provident Fund ("CPF") Investment Scheme.

The investment objective of the Fund is to replicate as closely as possible, before expenses, the performance of the Straits Times Index. During the year, the Straits Times Index ("STI") was revamped and relaunched effective 10 Jan 2008. The revamped STI comprises 30 blue-chip companies on the SGX Mainboard ranked by market capitalisation as at 31 August 2007. In connection with this revamping exercise, the index sponsor of the STI has been changed to FTSE International Limited.

Base on the FTSE's international methodology, these companies have been included based on the following criteria:

1. Free Float. The free float of a listed company must be greater than 15%. The definition of "free float" includes portfolio investments, nominee holdings and holdings by investment companies.
2. Liquidity. A stock must trade with a median daily turnover value of at least 0.05% of the value of its free float-adjusted shares in issue for at least 10 out of the last 12 months.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements, expressed in Singapore dollars, are prepared in accordance with the historical cost convention, modified by the revaluation of investments at fair value, and in accordance with the Recommended Accounting Practice 7 "Reporting Framework for Unit Trusts" ("RAP 7") issued by the Institute of Certified Public Accountant of Singapore ("ICPAS").

(b) Recognition of income

Dividend income is recorded gross in the financial statements in the accounting period in which the security is quoted ex-dividend. Bank interest and other income are recognized on a time proportion basis using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2008 (continued)

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Financial assets at fair value through profit or loss

Investments are classified as financial assets, at fair value through profit or loss.

(i) Initial recognition

Purchase of investments are recognized on trade date. Investments are recorded at fair value on initial recognition.

(ii) Subsequent measurement

Investments are subsequently carried at fair value. Net change in fair value on investments are included in the Statement of Total Return in the period which they arise.

(iii) De-recognition

Investments are de-recognized on the trade date of disposal. The resultant realized gains and losses on the sales of investments are computed on the basis of the difference between the first-in-first-out cost and selling price net of transaction costs, and taken up in the Statement of Total Return.

(d) Basis of valuation of investments

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. The quoted market price for these investments held by the Fund is the current market quoted bid price.

(e) Foreign currency translation

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The financial statements are presented in Singapore dollars, which is the Fund's functional and presentation currency.

Foreign currency monetary assets and liabilities are translated into Singapore dollars at the rates of exchange prevailing at the date of the balance sheet date. Transactions in foreign currencies during the period are translated into Singapore dollars at the rates of exchange prevailing at transaction dates. All exchange gains or losses are recognized in the Statement of Total Return.

streetTRACKS[®] STRAITS TIMES INDEX FUND

NOTES TO THE FINANCIAL STATEMENTS

For the financial year ended 30 June 2008 (continued)

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) Provisions

Provisions are recognized when the Fund has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

(g) Distribution

The Manager shall have the absolute discretion to determine whether a distribution is to be made. In the event that the Manager determines that a distribution will be made, an amount required to effect such a distribution shall be transferred to a distribution account for payment on distribution date. This amount shall not be treated as part of the property of the Fund. Distributions are accrued on ex-dividend date.

3. EXPENSES

As agreed between the Manager and the Trustee, the total combined management, trustee and other fees for the Fund are set at 0.3% per annum of its net asset value.

4. TAXATION

	2008 S\$	2007 S\$
Singapore income tax	904,201	2,582,089
Overseas income tax	11,865	-
	<hr/>	<hr/>
	916,066	2,582,089

(a) The Fund is included in the CPF Investment Scheme and, therefore, the following income is exempted from tax in accordance with section 35(12) of the Income Tax Act:

- (i) gains or profits derived from Singapore or elsewhere from the disposal of securities;

9. FINANCIAL RISK MANAGEMENT

The Manager continually monitors the Fund's exposure to risk and appropriate procedures are in place to manage the risks.

Market risk

Market risk is the risk of potential adverse changes to the value of financial instruments and/or their derivatives because of changes in market conditions like interest and currency rate movements and volatility in commodity or security prices. The Manager manages the Fund's exposure to market risk through the use of risk management strategies that evaluate the effect of cash instruments and/or derivative contracts.

At 30 June 2008, the Fund's market risk is affected by two main components: changes in actual market prices and foreign currency movements. If the Straits Times Index at 30 June 2008 had increased by 5% with all other variables held constant, this would have increased net assets attributable to unitholders by approximately 5% (2007: 5%). Conversely, if the Straits Times Index had decreased by 5%, this would have decreased net assets attributable to unitholders by approximately 5% (2007: 5%). If the spot exchange rate of Singapore dollars had appreciated 3.2% against the US dollars with all other variables held constant, this would have increased the net asset value of the fund by approximately 0.20%. Conversely, if the spot exchange rate of Singapore dollars had depreciated by 3.2% against the US dollars, this would have decreased the net asset value of the fund by approximately 0.20%.

Liquidity risk

The Fund's liquidity risk arises mainly from redemptions of units. It may seek to invest its assets in investments that are traded in an active market which is easily realizable and/or investments where the issuer stands ready to unwind.

The Fund has the ability to borrow in the short term for the purpose of meeting redemptions and short term bridging requirements.

To ensure continuity of funding, dedicated personnel are responsible for ensuring that sufficient cash resources and liquid assets are available to meet liabilities as and when they fall due.

The Manager may from time to time employ derivatives to implement a portfolio strategy to reduce risk or for the purpose of efficient portfolio management.

9. FINANCIAL RISK MANAGEMENT (continued)

Credit risk

The Fund takes on exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due, including transactions with counterparties such as issuers, brokers, participating dealers, custodians and banks.

Impairment provisions are provided for losses that have been incurred by the balance sheet date, if any. The Manager has in place procedures for proper credit screening and monitoring of credit risk.

Interest rate risk

The majority of the Fund's financial assets and liabilities are non-interest bearing; as a result, the Fund is not subject to significant amounts of risk due to fluctuations in the prevailing levels of market interest rates.

Market price risk

Although the Fund is listed on the Singapore Exchange, the trading price of the Units may differ to some degree from the Units' net asset value. The Value of the Units will generally fluctuate with changes in the market value of the Index Shares. The market price of the Units will generally fluctuate in accordance with changes in the Value of the Units, as well as supply of and demand for Units of the Fund on the Singapore Exchange. It is impossible to predict whether Units will trade at, above or below their Value at any given time. Price differences may be due, in large part, to the fact that supply and demand forces at work in the secondary market for Units will be closely related to, but not identical to, the same forces influencing the market prices of the index Shares. However, given that the Units can be created and redeemed in Creation and Redemption Unit sizes by Participating Dealers, as applicable, it is not anticipated that large discounts or premiums will be sustained.

10. RELATED PARTY DISCLOSURES

- (a) The Manager and the Trustee of the Fund are State Street Global Advisors Singapore Limited and DBS Trustee Limited respectively. State Street Global Advisors Singapore Limited is a subsidiary of State Street Corporation. DBS Trustee Limited is a wholly owned subsidiary of DBS Group Holding Ltd. ("DBS"). 11. FINANCIAL RATIOS

	2008	2007
Ratio of expenses to average net assets ¹	0.30%	0.30%
Portfolio turnover rate ²	<u>21.40%</u>	<u>9.57%</u>

1 The expense ratio is computed in accordance with the revised IMAS' guidelines on disclosure of expense ratios dated 25 May 2005. Brokerage and other transaction costs, interest expense, foreign exchange gains/losses, tax deducted at source or arising on income received and dividends paid to unitholders are not included in the expense ratio.

2 The portfolio turnover ratio is calculated in accordance with the formula stated in the "Code on Collective Investment Schemes". In accordance with the Fund's Trust Deed, units are issued through a creation of an Index Basket. For each creation Unit (comprising 500,000 units), the Fund receives an Index Basket consisting of constituent shares plus or minus a cash payment as determined by the Manager on a daily basis. For the purpose of computation of the portfolio turnover rate, the value of the Index Baskets received is not considered as part of purchases.

12. EVENT OCCURRING AFTER BALANCE SHEET DATE

On 18 July 2008, the Fund announced a Final Dividend of \$0.06 per unit totaling \$14,220,000. The Final Dividend was paid on 4 August 2008.

The Prospectus in respect of the offer of the units (the "Units") in the streetTRACKS® Straits Times Index Fund (the "Fund") is available and may be obtained upon request, subject to availability, from State Street Global Advisors Singapore Limited ("SSgA"). Investors should read the Prospectus before deciding whether to acquire Units in the Fund. The value of Units and the income from them may fall as well as rise. Units in the Fund are not obligations of, deposits in, or guaranteed by, SSgA or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.
